Fråga 20: General comments? (4 personer)

Kommentarer
- The course evaluation form really needs some improvements. Grading each question between some arbitrary numbers 1 to 6 without being able to give comments feels kind of strange. Although I guess thats out of your control.
- A very interesting and wonderful course. Both of the lecturer and assistant are kindly and warm-hearted. But this course is somewhat hard for me who has not so much basic knowledge. Anyway, for me it is handleable. :)
- The time for exam was not sufficient to consider the questions and properly answer all of them.
- I really enjoyed the course, and I found it very useful. I learnt another way of thinking, which is the best I could expect from the course. The timing and scheduling of the course was also very good (There was no relevent question in the questionnair) and everything was very well planned in advance.

Thank you so much :-)
